

**EPA 24(c) Special Local Need Registration No.: LA13-0010
For Distribution and Use Only in the State of Louisiana**

To Control Various Nutsedge, Broadleaf and Aquatic Weed Species.

DIRECTIONS FOR USE:

- It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
- This labeling must be in the possession of the user at the time of application.
- Read the label affixed to the container of PERMIT Herbicide before applying.
- Carefully follow all precautionary statements and application use directions.
- Use of PERMIT Herbicide according to this supplemental labeling is subject to all use precautions and limitations imposed by the label affixed to the container for PERMIT Herbicide.

Crop	Application Rate (fl. oz./Acre)	Comments
Smooth Cordgrass	1 oz./A (0.047 lb. ai/Acre)	<ul style="list-style-type: none">• Postemergence: Apply PERMIT for postemergent weed control. Apply PERMIT at 2/3 to 1 1/3 ounce per acre, with the total application rate not to exceed 1 1/3 ounce of product acre per use season.

Ground Applications:

Apply PERMIT as a broadcast or band application. For band applications, use proportionally less spray mixture based on the area actually sprayed. Do not concentrate the band.

Apply PERMIT in a spray volume that ensures thorough and uniform coverage. Use of 15 or more gallons of water per acre is labeled. Choose nozzles that provide optimum spray distribution and coverage to the target weed at the appropriate pressure (psi). Avoid streaking, skips, overlaps, and spray drift during application. Thoroughly clean equipment prior to mixing spray solution.

Aerial Applications:

Apply PERMIT or approved tank mixtures with properly calibrated equipment in 3 to 15 gallons of water per acre.

Restrictions:

Do not apply PERMIT using air assisted (air blast) field crop sprayers.

Do not apply PERMIT through any type of irrigation system.

Do not apply PERMIT if the crop or target weeds are under stress due to drought, water saturated soils, low fertility (especially low nitrogen levels) or other poor growing conditions.

Expiration Date: 10-10-2018
